Subject / Theme:	Languages, Social Studies Communication, technology and media Education		
Topic:	Use the Pedagogies of Media and Information Literacies handbook to learn and teach MIL		
Lesson Title:	Use the Pedagogies of Media and Information Literacies handbook to learn and teach MIL		
Level:	Tertiary	Lesson Duration:	

Learning Objectives:

Use the Pedagogies of Media and Information Literacies handbook to learn and teach MIL.

The Handbook provides teachers with basic knowledge on media and information literacy, and the way these skills can be taught.

Pedagogical Approaches and Activities:

As a teacher educator use the Handbook to dive deeper into MIL. Use the modules in the Handbook and correlate them to the ones in the MIL curriculum. Study the information given in the handbook and reflect on you can teach it to students regarding MIL. Use the exercises in the Handbook and practice yourself before using them on your own students. You can also have the Handbook as a companion to the MIL curriculum and use it to get useful tips on how to teach MIL in your classroom – in all the modules.
