

MIL LESSON PLAN

LESSON PLAN:		MIL – module and unit	M6u2 M6u3 M7u1 M7u2
Subject / Theme:	Languages, social studies, Communication, technology and media Education Children		
Topic:	Cybersense		
Lesson Title:	Use the The Second Adventure of The Three CyberPigs game to learn about CyberSense		
Level:	Primary, Secondary, Tertiary	Lesson Duration:	

Learning Objectives:

Learn about authenticating online information and observing rules of netiquette. You will also learn how to distinguish between fact and opinion and how to recognize bias and harmful stereotyping in online content. All this can be taught with the help of a game and an included teacher’s guide.

Pedagogical Approaches and Activities:

Use the game and the included teacher’s guide to learn important lessons about authenticating online information and observing rules of netiquette, as well as how to distinguish between fact and opinion and how to recognize bias and harmful stereotyping in online content. Let your students “play” the game and use the teacher’s guide to evaluate.
