ABOUT THE ORGANIZERS

United Nations Alliance of Civilizations (UNAOC) Programmes

While active on a number of cross-cutting issues, UNAOC works mainly in four priority areas to which it brings a multidisciplinary and multi-perspective approach: Education, Media, Migration, and Youth. The main objectives of UNAOC's programme activities are to facilitate the global conversation on the challenges and opportunities for living in a landscape of diversity in our age of global communication and exchanges; prevent intercultural tensions and crises, combat stereotypes, misperceptions, discrimination and xenophobia; and support innovative grassroots initiatives that contribute to intercultural dialogue and understanding, mutual respect and cooperation across divides.

The International Dialogue Center (KAICIID)

The International Dialogue Centre is an intergovernmental organization mandated to promote the use of dialogue globally to enhance understanding, cooperation and social cohesion. The Centre fosters dialogue among people of different religions and cultures to build bridges between communities that overcome fear and animosities to instil mutual respect. In its work, the Centre supports the Universal Declaration of Human Rights, in particular the right to freedom of thought, conscience and religion. The Centre also implements programmes to overcome all forms of discrimination based on culture, religion or belief.
